

Hi-viz cut resistant impact leather drivers glove

Providing ANSI A6 cut resistance the 233KG delivers high performance in a robust and hard wearing, yet cool and comfortable liner against the skin.

We have added in a Hi-Vis breathable mesh back to this popular glove style to provide comfort in hot areas / climates.

A soft goatskin leather outer with full aramid stitching delivers high levels of abrasion resistance and puncture protection. The unique design of rubber TPR pads in Hi-Viz orange provides impact protection without compromising dexterity.
